EXECUTIVE SUMMARY

The Public Participation Committee was formed pursuant to the Embu County Public Participation Act, 2015 which was enacted by the Assembly on 23rd September 2015. Section 20 (1) of the Act provides for the establishment of the Public Participation Committee in the County assembly.

In this specific matter, the Public Participation Committee jointly with the Liaison Committee was involved in preparation of the Public Participation forums on the **Budget Estimates for the Financial Year 2019/2020**. Pursuant to the provisions of Section 131(2) of the Public Finance Management Act, 2012 the County Assembly of Embu sought the input of members of the Public on the proposed County Government Budget Estimates, as presented to the County Assembly by the County Executive Committee member in charge of finance.

The Members of the County Assembly Public Participation Committee and Liaison Committee were divided into four teams which spearheaded Public Participation in the four Sub Counties whose venues were Manyatta sub county (Nembure Social Hall), Renyenjes sub county, (Runyenjes Social Hall), Mbeere North sub county (Ishiara Chief's Camp) and Mbeere south sub county (Makima Chief's Camp).

The forums were held on **Monday, 10th June 2019**. The Members drawn from the two Committees, accompanied by the rest of the members of the County Assembly held the forums in every sub county. COMMITTEE ON PUBLIC PARTICIPATION

2.0 COMMITTEE FINDINGS AND OBSERVATIONS

The Committee held meetings to plan on the modalities of conducting the Public Participation exercise. The Embu County Public Participation Act, 2015 envisages a situation where after a Public Participation forum facilitated by the Assembly is held, a report is made and tabled before the Assembly.

The Public Participation forums to consider the Budget Estimates for the Financial Year 2019/2020 were held in the four sub counties and sub committees spearheading the forums were drawn from the two lead committees namely, Liaison Committee and Public Participation Committee.

Other Members of the County Assembly were also divided into four groups which accompanied the lead Committees in this exercise.

2.1 PLANNING FOR THE PUBLIC PARTICIPATION FORUMS.

The Liaison Committee and the Public Participation Committee resolved to work together to ensure that the exercise was top notch, and that there would be a smooth flow of events. An advertisement was made in the Star Newspaper on 31st May, 2019 calling for opinions and memoranda on the Budget Estimates to be submitted to the Clerk of the County Assembly not later than 10th June, 2019. (*Annex 1*)

Besides the notice in the newspaper, there were social media advertisements as follows;

1. On the official “Facebook page” of the county assembly
2. A link to the County Assembly website from where one could download a copy of the Estimates
3. On the official “twitter account” of the Assembly
4. Messages sent to various groups under the “WhatsApp” platform
5. Emails to the respective accounts in the County Assembly database.

The elected Members were also given copies of the Estimates to distribute to citizens and organized groups from their respective wards.

Prior to the actual date of the Public Participation forums, the County Assembly had facilitated production of over 2,000 copies of the Budget Estimates for FY 2019/2020 for the County Executive and 2,000 copies of the Budget Estimates of the County Assembly.

The ward managers had also been tasked with collection of copies of the advertisements and placing them at strategic points to ensure that highest number of

people were informed. The copies of the Budget Estimates were taken to the venues during the day of the Public Participation.

The venues had been secured through the County Assembly Ward Liaison Office in consultation with area Members of County Assembly. These venues were as per the table below;

SUB COUNTY	VENUE	DATE	TIME

- iii. That, the highest group of the respondents were farmers.
- iv. That, the highest group of respondents were from the Wards where the forums were held.

2.3 OTHER COMMITTEE OBSERVATIONS

The committee made the following observations based on the views and other general findings gathered from the Public.

1) Venues

- i. That, the venues served the need for the Public Participation forums.
- ii. That, there were no cases of insecurity across the venues.
- iii. That, in those wards which are vast, it was observed that one venue was insufficient.

2) Involvement of the Committee on Public Participation in the planning of public forums

- i. That, the Committee on Public Participation was fully involved in the planning for the Public Participation for the Budget Estimates 2019/ 2020.

3) Adequacy of notice to the members of the public

- i. That, the complaint by the residents that the notice time given was not adequate was not genuine. The notice in the advertisement was given on 31st May, 2020

while the event was slated for 10th June, 2020. It's clear that there was a 10 days notice. This time is considered sufficient for the notice.

4 Adherence of the county assembly to the Public Participation Act, 2015.

- i. That, the County Assembly adhered to the provisions of the Embu County Public Participation Act, 2015.
- ii. That, no clear timelines were given by the Act on the time frame for notice.

5) Submission of written memoranda

- i. That no memoranda were received.

6) Attendance

- i. That, there was low turnout for women in the Public Participation forums.
- ii. That, Mbeere south had the highest number of attendants (134), followed by Manyatta (65), Runyenjes (56) and finally Mbeere North (49).
- iii. That, there was prevalent expectation of payment for attending the Public Participation forums. The Committee however explained to the participants that public participation was their Constitutional right

7) Distribution of copies

- i. That, copies of the Budget Estimates were supplied to the Public on the day of the Public Participation.

This was observed as a challenge since the documents were bulky and there was short time frame for the citizens to interrogate and give their input.

8) Timing

- i. That, the time allocated for each sub county was sufficient to go through the entire document.

9) Filling of exit survey questionnaires

- i. That, out of three hundred and four (304) people who attended the forums, only one hundred and twenty five (125) filled the exit survey questionnaire.

10) Persons with Disabilities (PWDs)

- i. That, the exit survey questionnaire did not have a provision for Persons with Disabilities (PWDs) such as braille copies and sign language interpreters.

11) Feedback to the public.

- i. That, no feedback is given to the public concerning their opinions.

3.0 RECOMMENDATIONS

The Committee recommends the following:

1. **THAT**, the County Assembly should consider having Public Participation forums at the ward levels to ensure that more citizens participate in future Budget making process.
2. **THAT**, the County Assembly should ensure that copies of documents are availed at least seven (7) days prior to the date of Public forums to allow time for adequate interrogation by the members of the Public. These documents can be circulated through the social media, County Assembly of Embu website and the stakeholder's individual emails as contained in the databank.
3. **THAT**, the County Assembly should ensure that feedback is provided to those who give their opinion(s) on the Budget Estimates especially through Memoranda.
4. **THAT**, the county assembly should ensure provision of enough space for public participation to curb the challenge of congestion especially in the event of unforeseen eventualities like Corona Virus Disease (Covid – 19).
5. **THAT**, the County Assembly should consider having a braille version of the Public documents for the blind and sign language interpreters for the deaf.

4.0 CONCLUSION

The recommendations in this report were agreed upon by the Members of the Committee without any dissenting opinion and consequently appended their respective signatures to the report as a confirmation of the same. The Committee urges the County Assembly to adopt this report with the recommendations therein.

"We would have loved to have Machakos as a world-class department of sports, but the reality is the numbers of unemployed youth and their restlessness. We will do our best to provide them with opportunities to grow and develop their skills," he said.

Mutua wants to engage Machakos youth and give them talent in a

structured way. Other stadiums under construction are Masi, Hombu and Kinyu. The construction of others in Mitaboni, Kangunda, Ekakaka, Kalawa and Machakos town will start in July.

Mutua said once the stadiums are complete, Machakos will then next year, be able to host interna-

"We will even be able to host a World Cup-type event in Machakos alone. That after all, is what development is all about. Building infrastructure, creating employment and opportunities for our great people of Kenya."
